Committee Action Items

- 3a. **Referral Response: Mandatory and Recommended Green Stormwater Infrastructure in New and Existing Redevelopments or Properties** (*Contains supplemental materials*)

From: Community Environmental Advisory Commission

Referred: January 22, 2019

Due: June 11, 2019

Recommendation: Since the drought-storm-flooding cycle is predicted to get worse, refer to the City Manager to develop and implement measures to help reduce runoff from private property when rain exceeds two inches in a 24-hour period. The City Manager and staff should consider the following: - Comply beyond the State and Alameda County current requirements; -Encourage the treating and detaining of runoff up to approximately the 85th per-centile of water deposited in a 24-hour period; -Establish site design measures that include minimizing impervious surfaces; -Require homeowners to include flooding offsets in preparing properties for sale; - Offer option(s) for property owners to fund in-lieu centralized off-site storm-water retention facilities that would hold an equivalent volume of runoff; -Require abatements for newly paved areas over a specific size; -Make exceptions for properties that offer significantly below-market rent or sale prices; -Authorize a fee for all new construction or for title transfer to cover the cost of re-quired compliance inspections. -Incorporate these measures for private property with similar measures for Public Works, while coordinating with EBMUD, BUSD, UCB and LBNL.

Financial Implications: See report

Action: 3 speakers. M/S/C (Harrison/Davila) to recommend to adopt an amended version of Mayor Arreguin' s supplemental item to the original Community Environmental Advisory Commission (CEAC) report be submitted to the City Council with a Positive Recommendation.

Vote: All Ayes.

- 3b. **Companion Report to Referral Response: Mandatory and Recommended Green Stormwater Infrastructure in New and Existing Redevelopments or Properties**

From: City Manager

Referred: January 22, 2019

Due: June 11, 2019

Recommendation: Express appreciation for the intent of the Community Environmental Advisory Commission (CEAC) recommendation to develop and implement measures to help reduce runoff from private property when rain exceeds two inches in a 24-hour period, and allow staff to continue existing efforts to implement Municipal Regional Stormwater Permit regulations in coordination with the 14 other local governments and agencies that participate in the Alameda Countywide Clean Water Program.

Financial Implications: See report

Committee Action Items

4. Considering Multi-year Bidding Processes for Street Paving

From: Mayor Arreguin, Councilmembers Hahn, Harrison and Davila

Referred: March 11, 2019

Due: September 15, 2019

Recommendation: 1. Restate the recommendation approved at the December 11, 2018 Council meeting to create a two-year bidding process for street paving to realize savings by (a) reducing by 50% City staff time devoted to bidding and contracting processes over each two year period and (b) benefitting from reduced pricing which may be available for larger contracts that offer greater economies of scale and reduce contractors' bidding and contracting costs.

2. Short-term referral to the City Manager to explore the possibility, feasibility, costs, and benefits of bidding in increments of up to 5 years to encompass entire 5-year paving plans, or other ideas to more rationally and cost-effectively align the paving plan with budget cycles and reduce costs associated with frequent bid cycles for relatively small contracts.

Financial Implications: See report

Contact: Jesse Arreguin, Mayor, 981-7100

Action: Continued to next meeting – May 16, 2019.

Unscheduled Items

These items are not scheduled for discussion or action at this meeting. The Committee may schedule these items to the Action Calendar of a future Committee meeting.
